Ulyana Dupletsa | Curriculum Vitae

 +39 3288371953   •   u.zamishka@campus.unimib.it

Master's student in Theoretical Physics at the University of Milan-Bicocca. My research interests include quantum gravity, gauge/gravity dualities, black holes and geometry.

Personal Information

Name: Ulyana Dupletsa
Date of Birth: 1st January 1994
Citizenship: Italian, Ukrainian
Actual position: master's student in Theoretical Physics at the University of Milan-Bicocca
Personal webpage: `ulyanadupletsa.github.io`

Education

University of Milano-Bicocca
Master's degree in Theoretical Physics, Milan   *2017–now*

- *Final degree grade*: in fieri
- *Average class grade*: $29.9/30$ with $4/10$ distinctions (cum laude)
- *Thesis advisor*: Alberto Zaffaroni, Alessandro Tomasiello

University of Milano-Bicocca
Bachelor's degree in Physics, Milan   *2013–2017*

- *Final degree grade*: $110/110$ cum laude
- *Average class grade*: $29.05/30$ with $7/20$ distinctions (cum laude)
- *Thesis advisor*: Monica Colpi
- *Thesis title*: 'Supermassive Binary Black Holes and their Dynamics in Galactic Nuclei'

Liceo scientifico Lorenzo Mascheroni
Scientific high school degree, Bergamo   *2008–2013*

- *Final degree grade*: $110/110$ cum laude
- *Average class grade*: $10/10$

Skills

Programming languages: C/C++, Matlab, ROOT, Python
Other scientific tools: LaTex
Languages: Italian (native), Ukrainian (native), English (in possession of FCE with C1 level), Latin (advanced)
